THE SOLUTION FOR EFFICIENT,
INTEGRATED AND RESPONSIBLE
MANAGEMENT OF URBAN GREEN AREAS

TREE EXPERTS

The innovative and intelligent platform for trees and green area management, R3 TREES, individually fits the needs of your business and allows you to:

- Minimize the risk of liability
- Have more time for profitable activities
- Improve your workflow
- Document your work, legitimize it to your employer and avoid queries about billing
- Equip your employees with a modern and intuitive technology which will make the data capture easier
- Achieve the maximum by putting in the minimum effort
- Expand your business to new types of customers
- Generate more turnover and revenue

R3 GIS is a direct contact, interested in your ideas, your needs and your experience. Our customers help us constantly improve our software, so we can always support them in their work at our best.

They say about us

"[...] to have constantly updated information available, easily accessible even to external entities [...] has had a positive impact on the management of public green."

- Municipality of Milan

"R3 GIS stands for reliable solutions, competent support and latest technology!"

- Municipality of Merano
